Yakuza kiwami 2 food combo guide

Yakuza Kiwami 2 is an action and adventure game developed and published by Sega. It was released on PS4 on December 7, 2017 in Japan, while for the rest of the world it was released on August 28, 2018. Recently, on May 9 of this year 2019, it was launched worldwide for Microsoft Windows, on Steam . Yakuza Kiwami 2 belongs to the Yakuza series. In fact, this is a remake made on the video game released in 2006: Yakuza 2. This takes place in an open world environment, with a third person perspective. Although the same frame structure is followed as in Yakuza 2, a number of new features are also added to improve many aspects and gaps. Kazuma Kiryu is controlled in the video game. With this character, try to explore a series of Japanese, fictional districts of Kamurocho, Tokyo and Sotenbori, Osaka and the new scenario with the story of Majima Saga, as the game progresses. Yakuza 2 Kiwami serve exp (a lot and fast) You need to follow a series of steps, which are recommendations that will help you get food EXP much faster. The recommendations we leave you below Boost digestion: it is advisable to start with this skill if you are looking for a much faster EXP. This is because through this you get more EXP and faster. Increase the indicator of hunger: it is very beneficial to have this ability because it allows you to eat a larger amount of food without having to wait until it takes. With a maximum of 2 large meals, plus small meals (1 or even 2) you will be able to eat. This will increase the EXP you win. Komian, Sotenbori: although you get to choose the restaurant you want but you are recommended to have a preference for Komian, because of your meals and if you want to acquire a quick EXP. Next you will see why. Hannari Kaiseki: You will notice that this food delivers a very good amount of EXP. This means that if you are under Spirit EXP, this is the right food and you should prefer. Snow Crab Course: this is the one that you have to choose if you are looking for, both EXP for Agility and Technique. Kyoto Sukiyaki: in case you do not have the technique EXP, you should buy this food twice, because it fills your meter with 80, if you buy it twice. If you want to get food twice you only have to buy it once and then go back to the menu right after Kiryu is done eating the first meal. Medicines Tsuruha: to take advantage of the fact that you are in Sotenbori, go to Tsuruha pharmacy to buy drugs that will help you increase hunger. But any farm could serve. Here are some medications to help you. AppStim Half: this can serve to increase hunger in part. Even if it is weak, it turns out to be cheap. AppStim Half adds 15 in value of hunger. In addition, it can be used without side effects. AppStim RX: in addition to what AppStim Half can provide, this AppStim RX is the best you can get. It turns out to be much stronger, but also more expensive. AppStim RX adds 90 in value of hunger. Like AppStim Half, it can be used without page Enemies Nouveau Riche: It is advisable that you focus on the real problem that Nouveau Riche enemies are. Although you can also find some money beats some normal thugs and yakuzas. Nouveau Richete enemies give ¥ 30,000 or more, even up to 50,000 yen, if you have any luck. That money doesn't go down badly considering that a meal in Komian costs about ¥30,000, so with that you would make sure the food. You should not have to eat others, because it will not serve you, because it will not give you any advantage and is that you will not win any EXP. We hope our recommendations will help you. If you have something to add or say, you can leave it in the comments. From Yakuza Wiki Food combinations assign special bonuses and are useful for leveling up faster. Food combinations were first introduced in yakuza (series) with Yakuza 6. They are also available in the game Yakuza Kiwami 2.
